Do.No.J.12011/1/2012-NSS

January 29, 2013.

Dear.....

Please refer to this Ministry's letter of even number dated 31st May, 2012 (copy enclosed), addressed to the State Liaison Officer, NSS of your State regarding recommendations of Department Related Parliamentary Standing Committee on Human Resource Development for introduction of NSS in the Medical and Engineering Colleges. The details of the recommendation envisaged:

"The Committee, however, is of the view that the NSS could not keep pace with the desired expansion to Universities, Colleges and +2 Schools despite there being huge opportunity due to uneven distribution of NSS volunteers across the North and South of the Country. Details of the Universities and Colleges like medical and engineering colleges which have shown a phenomenal growth over the recent years have perhaps remained outside the purview of the scheme. If that be so, Committee can conclude that a vast potential of our youth has remained devoid of positive impact of NSS which has helped in creation of social awareness among college/university/students. Its main objective is of nation building and national integrity and therefore it needs special attention."

You are once again requested to emphasize the involvement of as many as medical and engineering colleges and implement the above recommendation of the Hon'ble Committee and furnish comments on the matter to enable us to reply to the committee.

Yours sincerely,

(Sarada Ali Khan)

All State Secretaries (incharge of NSS).

Copy to:

1. All the State Liaison Officer, NSS.
2. Head, Programme Adviser's Cell, NSS.
3. Head of all the NSS Regional Centres.

Dated the 31st May, 2012

To

All the State Liaison Officers, NSS.

Sub: *Recommendations of Department Related Parliamentary Standing Committee on Human Resource Development.*

Sir/Madam,

I am directed to refer to the subject as cited and to state that the above Hon'ble Committee has recommended as under:

"The Committee, however, is of the view that the NSS could not keep pace with the desired expansion to Universities, Colleges and +2 Schools despite there being huge opportunity due to uneven distribution of NSS volunteers across the North and South of the Country. Details of the Universities and Colleges like medical and engineering colleges which have shown a phenomenal growth over the recent years have perhaps remained outside the purview of the scheme. If that be so, Committee can conclude that a vast potential of our youth has remained devoid of positive impact of NSS which has helped in creation of social awareness among college/university/students. Its main objective is of nation building and national integrity and therefore it needs special attention."

You are, therefore, requested to ensure that medical and engineering colleges are also made partner in the NSS and implement the above recommendation of the Hon'ble Committee so as to ensure equitable distribution of volunteers among the colleges and send your comments on the matter, at the earliest.

Yours faithfully,

(E. Gayathri)

Under Secretary to the Govt. of India
